2. Teachers should consult the most recent resource manuals, curriculum guides and the latest edition of "Education Today" for a complete listing of "supplementary" learning resources.

B. TYPES OF MATERIALS AVAILABLE IN THE 1985-86 PRICE LIST

Section 1: Learning resources authorized by Alberta Education as either "basic" or "recommended."

Section 2: Alberta Education support-type documents designed primarily to communicate suggestions and offer alternatives as to how or why provincial policies or programs could be implemented, e.g. monographs, manuals, teaching units, etc., as well as miscellaneous materials such as "Focus on Childhood" and "Classroom Organizer."

C. CHANGES IN TERMINOLOGY

1. "Learning resources" replaces the term "texts," and refers to all print, non-print and courseware/software materials that have been authorized by Alberta Education as "basic," "recommended" and/or "supplementary."
2. The term "prescribed" has been replaced by the term "basic."

II. ORDERING INSTRUCTIONS

LEARNING RESOURCES RENTAL PLAN

1. This order form lists all "basic" and "recommended" learning resources authorized by Alberta Education which are made available to approved Alberta school systems. **"Basic" learning resources, which are subject to 40% discount, are listed in red. All other titles, except where prices are given as "net," are eligible for the 15% discount.**
2. "Basic" learning resources which may be changed in the next three years are marked (*). School boards with rental schemes will not be expected to replace these immediately when a new authorization is made, but will be expected to replace the learning resources over a period of not more than three years.
3. The types of school authorities that are eligible for the 40% discount are counties, divisions, districts, approved private schools, approved Early Childhood operators and Department of National Defence Schools.
4. Eligible school authorities who are presently not on the 40% discount rental plan but wish to join the Textbook Rental Plan must apply to the School Book Branch. Please contact the School Book Branch for details.
5. In order to avail itself of the rental discount of 40%, an authorized Alberta school authority must rent authorized learning resources to students at a rate not to exceed 1/3 of the net cost of the learning resources. It does not apply to learning resources purchased for resale.
6. A school board which loans free learning resources to individual students for their personal use will be deemed to be operating a Rental Plan.

CREDIT

Thirty-day credit terms are available only to Alberta school authorities who are on the 40% discount Rental Plan and who receive the Alberta Government School Foundation Program Fund basic per pupil grants.

DISCOUNT AND PRICING POLICY

1. Notwithstanding government policies, and except where prices are stated as "net," a basic 15% discount for stock and special order is provided only to educational institutions and staff within the province of Alberta that offer Early Childhood Services to Grade 12 programs.
2. Although subject to change without notice, prices will be maintained, so far as possible, until March 15, 1986.

SHIPPING

The School Book Branch prepays all shipping charges in Alberta only.

RETURNS

It is expected that school authorities and teachers are in a position to determine their needs very accurately. Therefore, the School Book Branch has no provision for a "returns" policy. However, should any customer encounter a problem with surplus books, it is suggested that a request be submitted to the Director of the School Book Branch regarding the possibility of returning the books for credit. No returns will be accepted without prior authorization. Please note that a handling charge of 10%, based on the retail value, will be charged against all returns.

PREVIEWING

A 10% handling charge on the retail value will be charged for any items ordered for "preview" purposes and returned. There will be no refund on "previewed" materials that have been damaged.

SHIPPING ERRORS

We take extreme precautions to make certain that books are shipped as ordered. Nevertheless, in spite of our efforts to be accurate, errors may occur. Please check all shipments carefully and report any discrepancies **within 30 days**. Do not stamp or mark any books until you are satisfied that the correct title, edition, etc. has been received. **No books will be accepted for adjustment or credit if they have been stamped or otherwise made unsaleable; therefore, carefully check each item before stamping, pricing, etc.**

SPECIAL ORDER SERVICE

The School Book Branch carries all "basic" and "recommended" learning resources identified in Section One of the Price List and other materials identified in Sections Two and Three. In addition, the School Book Branch is prepared to special order all supplementary titles listed in the Curriculum Guides, Resource

STANDARDIZED TEST MATERIAL

USEFUL INFORMATION TO CONSIDER

The following information should be carefully considered before selecting tests:

1. School personnel planning to undertake assessments of exceptional children and (or) career assessments are advised to adhere to guidelines developed by the publisher's specific tests. Alberta Education is currently reviewing policy, guideline and procedure statements for the effective use of assessment devices. In the interim, please refer any questions to the Guidance Consultants in the Regional Office of Alberta Education in your zone, or to the Special Educational Services Branch (427-2939).
2. School personnel should note that some standardized achievement tests do not assess the same content at the same level as contained in the Alberta Education language arts, mathematics and science curriculum. It is suggested that school personnel consider the purpose for assessment and review the subject area content of their particular grade level as well as the content covered in the standardized achievement test prior to selecting the test.
3. School Test Evaluation by the Centre for the Study of Evaluation (CSE), at the University of California at Los Angeles, make use of the Mean Evaluation System for evaluating tests. This system consists of four major categories: Measurement Validity, Examinee Appropriateness, Administrative Usability and Normed Technical Excellences. School Test Evaluation reports and ratings are published by CSE for kindergarten through grade two.
4. Alberta Education Staff can give assistance in the design of testing programs and the selection of tests. School jurisdictions, schools, or teachers planning to initiate, modify, or evaluate standardized testing programs are encouraged to consult the Regional Office of Alberta Education in their zone or the Student Evaluation Branch (Telephone 427-2948).
5. Test Scoring Service
In 1984 Alberta Education discontinued the free test scoring service for NCS Answer Sheets. Arrangements are being made to secure scoring service for NCS Answer Sheets. Further information will be communicated to Alberta Schools prior to December, 1985. For additional information, please telephone 427-5739.
